

# "YOU SHOULD BE DANCING!"

To celebrate our brand new season of dance films, Picturehouse proudly presents a guide to Hollywood's greatest moves.

FOR ALMOST AS LONG AS WE'VE HAD MOVIES, PEOPLE HAVE BEEN DANCING IN THEM. Everything from ballet to ballroom has graced the big screen throughout the annals of cinema history, with musicals, melodramas and more providing a motion for every emotion. What better way is

there to express how you feel without saying a word, whether you're a Hollywood dreamer or a spellbound ballerina?

Arriving this June, our new season celebrates dance on screen in all its magic, and is guaranteed to get you out of your seat. Make sure you've got all the right moves...
